## Chelsea Group Brings Team Members to the Greens for the Greater Good

By Andy Beth Miller

Honolulu, HI — A swinging good time was had by Chelsea Group members and Building Scientists Dricka Thobois and Lisa Reddinger, as well as their honored guest, Karen Wataru-Nakaoka, this past week at the 18th Annual Hawaii Lodging and Tourism Association Scholarship Golf Tournament. Held on August 10 at the Hawaii Prince Golf Course in Kapolei, the event raises funds to support the numerous grants that HLTA makes available for Hawaii's young students, especially those with a desire to pursue careers within the hospitality industry.

Thobois and Reddinger proudly represented the Building Science firm and enjoyed a fun day in the sun, putting, driving, and doing their parts in providing educational opportunities for the Aloha State's next generation, of which the HLTA has already been able to support more than ten students, in addition to the 42 scholars it supports through its annual Citizen-Scholar Awards program. Thobois was cheerful and greatly hopeful about the success of the event. "Even though our team came in very last," she chuckled, "we had a fantastic time and got to share time with others within the community that share our passion for supporting students in achieving their goals and empowering them in their endeavors."

When all was said and done, the event raised a total of more than \$55,000, all of which will go toward grants and scholarships for worthy young recipients across Hawaii. President and Chief Executive Officer Mufi Hannemann wrote of the event on the HLTA blog with gratitude to all involved, including the dynamic Chelsea Group duo and their invited guest. "Mahalo to all our sponsors, volunteers, and golfers who attended HLTA's 18th annual Scholarship Golf Tournament last week Thursday at the Hawaii Prince Golf Course. Together we raised over \$55,000 to support HLTA scholarships and educational programs!"

Hannemann's evident enthusiasm mirrors the palpable spirit that also pervaded the entire atmosphere on the Hawaii Prince green, with each participant not only having a great time playing a round of golf in paradise, but also knowing that they are each doing their own small part in supporting a worthy cause that will only serve to strengthen our island community for a bright future.
